EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 1-9 have been canceled due to the fact that they are non-elected invention.

Allowable subject matter

Claims 12-27 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art neither discloses nor suggests the following limitations, in combination with the remaining elements as disclosed in claims 12, 15, 24:

a comparator coupled to the programmable interface and configured to compare the first electrical parameter with a second electrical parameter corresponding to the operating driving current of the at least one illumination source, and generate a driving bias current, and regulator coupled to the comparator and configured to regulate the operating driving current of the illumination source according to the driving bias current, wherein the driving bias current corresponds to a difference the first and second electrical parameters such as required by claims 12 and 24;

The steps of comparing the first electrical parameter with the second electrical parameter based on the comparison, generating a driving bias current; and regulating

Art Unit: 2821

the operating driving current of the illumination source according to the driving the bias current such as required by claim 15.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
